92 centers, currently functioning in 7 states of India, kick started their new Academic Year, with much anticipation and enthusiasm.

eVidyaloka proudly added new centers in 6 states, and the classes were initiated at the auspicious beginning of AY 2017-2018. Karnataka - 30 centres, Maharashtra - 5 centres, Jharkhand - 31 centres, Tamil Nadu - 10 centres, West Bengal - 6 centres, Andhra Pradesh - 10 centres, Telangana State - 2 centres.

Volunteer Now

With the support of eVidyaloka's partners - Need Base India and Vidyaposhak, International Yoga Day 2017 was celebrated on a large scale with the students of Dharwad and Koppal. A Yoga session was organised for the students who were quite thrilled to participate.

After the asanas, two of the Schools - Uppinabetgeri and Bevoor - carried out a rally to spread awareness about Yoga and its many benefits for a holistic living. The Karnataka Centers led by example and gave the students a real experience of Yoga.

Shashidhar Bhat, a Volunteer Teacher for two of the Karnataka schools visited Hubli from Delhi, and made the effort to meet the children that he sees in his Digital Classroom twice a week. The children in Mugad and Uppinabetgeri schools were pleasantly surprised and excited to meet their teacher in person. Many of the students made greeting cards for him and had a wonderful face-to-face session with Mr. Bhat. He also distributed chocolates among the children.

A parents-teacher meeting was organised in the West Bengal center, for teachers to interact with the parents after the Term 1 assessments and take their feedback about the classes. As the classes started in Jabarrah early this February, the parents were also curious about the Digital classes and how they function. The parents also wanted to know more about what was being taught and request more classes in other subjects. It was a matter of pride for the teachers to learn that the students have been enjoying the classes and learning with much excitement.

eVidyaloka recently kick started a new campaign called 'ಹಳ್ಳಿಯಲ್ಲಿ ಪಾಠ, ಭವಿವುಡ ನೋಟ' (Teach Today, Transform Tomorrow) to bring in more passionate Kannada-speaking volunteers to teach children in remote villages of Karnataka, India from anywhere across the globe. So let's share www.evidyaloka.org/volunteer with our friends, family, colleagues and peers, to reach out to more children and help make quality education in rural India a reality.
